Request for services of
Promotor/Promotora
REFERRAL FORM

A promotor / promotora is a cultural broker or advocate who can help Latinos receive culturally and linguistically appropriate services. Oftentimes, a promotor/a can help build a bridge of trust between providers and the recipient of services, which not only improves outcomes for Latinos, but also helps the provider better understand the cultural nuances of their families.

To assist with the appropriate assignment and follow-up of referrals to our promotor/a program, please complete and submit the requested information below.
